STRATEGIC REPORT

FOR THE YEAR ENDED 30 JUNE 2025

The directors present the Annual Report, comprising the Strategic Report and Directors' Report, and audited financial statements of Chelsea FC Holdings Limited ("the Company") and its subsidiary undertakings ("the Group" or "the Club") for the year ended 30 June 2025.

Results for the year

The loss for the year, after taxation, was £262.6m (2024: profit of £129.6m).

Review of the business

Profit and Loss

The loss for the year before taxation was £262.4m compared to a profit of £128.4m for the prior year. This movement is primarily due to a profit on the sale of a subsidiary of £198.7m recognised in the prior year. Whilst revenue increased by £22.4m year-on-year, cost of sales and administrative expenses rose by £117.4m. Profit on disposal of player registrations decreased by £94.6m.

This year saw an overall increase in turnover from £468.5m to £490.9m, largely due to the Club's increase in broadcasting revenue. Matchday revenue increased slightly from £80.1m in the prior year to £86.8m and average attendance of approximately 40,000 was maintained.

Broadcasting revenue increased by £40.1m to £203.2m compared to the prior year. The Club generated significant revenue from their participation in both the UEFA Conference League and the FIFA Club World Cup, going on to win both competitions. The Club also achieved a 4th place finish in the Premier League, resulting in a higher domestic broadcasting share compared to last season.

Commercial revenue decreased from £225.3m in the prior year to £200.9m, largely due to reduced sponsorship revenue.

Overall, operating expenses of £799.5m increased by £117.4m compared to the previous year. This was principally because of increased amortisation and impairment on player registrations, increased cost of sales including player wages, and costs related to regulatory matters, including amounts due of £26.5m under a settlement agreement with UEFA which concluded during the year.

The Group made a net profit on player trading of £57.9m in the year (2024: £152.5m) principally due to the sales of Conor Gallagher to Atletico de Madrid, Bashir Humphreys to Burnley, Kepa Arrizabalaga to Arsenal and Ângelo to Al-Nassr. In addition, the Group realised contingent fees in relation to a number of previous transfers.

Balance Sheet

Intangible assets have increased to £1,046.8m from £1,035.3m. This movement is largely due to £305.5m of player acquisitions including Liam Delap from Ipswich Town, Mike Penders from KRC Genk, Dário Essugo from Sporting CP and Mamadou Sarr from Racing Club de Strasbourg Alsace. This was offset by total amortisation and impairment losses of £230.3m and the disposal of player registrations with a combined net book value of £67.9m.

Tangible fixed assets are £140.6m at the year end, with additions of £8.4m offset by depreciation of £12.5m, and disposals with net book value of £9.1m largely due to the sale of Kingsmeadow football stadium to fellow group undertaking Chelsea Football Club Women Limited.

Net current liabilities of £91.3m have decreased from £177.4m in the prior year, largely due to the reduction of creditor amounts falling due within one year.

Creditors falling due after more than one year of £202.3m have decreased by £17.0m compared to the prior year. This is due to a decrease in the amounts owed in relation to player trading, offset by non-current amounts owed to UEFA.

CHELSEA FC HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Principal risks and uncertainties

There are a number of potential risks and uncertainties which could have a material impact on the Group's long-term performance. These risks and uncertainties are monitored by the Board on a regular basis. The directors have specifically considered the additional risk to the Group of the persistent inflationary pressures, rising operating costs, and currency volatility seen in the UK. Forecasted increases in operating costs because of these factors have been included in the Group's budget to assess potential additional funding requirements as described further in Note 1.4. The directors have begun monitoring the potential impact of climate change on the Group's operations, including regulatory compliance requirements, although this isn't currently considered material.

Income

The Group derives its income from football activities and related business activities of which there are three principal sources: matchday revenue, broadcasting and commercial income.

Expenditure

The Group's primary outgoings relate to matchday operations; the continued development of the football club's brand; employee remuneration; support services to facilitate elite sporting performance; and the development of the playing squad. The last of these is achieved through a combination of activity in the transfer market and investment in the Club's academy and youth programmes to nurture and develop young players for the future.

Regulatory environment

The football club is regulated by the rules of The FA, the Premier League, UEFA and FIFA. These regulations have a direct impact on the football club as they cover areas such as the division of centrally negotiated broadcasting and media agreements and the operation of the transfer market.

The Club monitors its compliance with all applicable regulations on a continuous basis, considering the impact of potential changes and taking mitigating action where possible. The Club aims to balance success on the pitch together with the financial imperatives of complying with UEFA and Premier League financial regulations.

Funding

Funding is provided by the intermediate parent company, Blueco 22 Limited, which is controlled by a consortium led by Todd Boehly and Clearlake.

The Group reviews and updates its forecasts on a regular basis and keeps the parent company and ownership aware of its financial commitments going forward.

Key performance indicators

The key performance indicators for 2024/25 of both a financial and non-financial nature were as follows:

Non-financial

- Premier League – 4th place (2024: 6th place)
- FIFA Club World Cup - Winners (2024: N/A - no competition)
- UEFA Conference League - Winners (2024: N/A - did not qualify)
- FA Cup – 5th round (2024: Semi-Finals)
- League Cup – Round of 16 (2024: Final)
- Average league attendance of 39,611 (2024: 39,576)

Financial (reviewed by the Board on a monthly basis)

- Revenue
- Payroll costs
- Operating result before player trading and amortisation
- Gains/losses on player trading
- Player acquisition costs
- Compliance with UEFA Financial Sustainability Regulations
- Compliance with Premier League Profit and Sustainability Rules

CHELSEA FC HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Going concern basis

The Company is reliant on its intermediate parent undertaking, Blueco 22 Limited, for its continued financial support. The Company has received confirmation that sufficient funds will be provided to finance the business for the foreseeable future and at least 12 months from the date of signing of these financial statements. The directors have therefore adopted the going concern basis in preparing these financial statements. See Note 1.4 of the financial statements for further details.

Fixed assets

The movements in fixed assets during the year are as shown in notes 14 and 15 to the financial statements. The intangible fixed assets include the unamortised portion of the cost of players' registrations and internally generated software.

The directors of Chelsea Football Club Limited have assessed the valuation of players' registrations and have deemed that an impairment of £12.1m (2024: £Nil) is necessary when comparing the market value to the net book value, as disclosed in Note 14 to the financial statements.

Climate-related financial disclosures

The climate-related financial disclosures for the Group and Company are included in the Strategic Report of the annual report and financial statements of the intermediate parent company, 22 Holdco Limited. The parent group's annual report is prepared for the same financial year-end as the Group and Company.

Directors' duties under section 172

The purpose of this statement is to outline how, during the year, the directors of the company had regard to the matters set out in section 172(1) (a) to (f) of the Companies Act 2006 when performing their duties under section 172.

Under section 172(1) a director of a company must act in the way that he or she considers, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to:

- the likely consequences of any decision in the long term;
- the interests of the company's employees;
- the need to foster the company's business relationships with suppliers, customers and others;
- the impact of the company's operations on the community and the environment;
- the desirability of the company maintaining a reputation for high standards of business conduct; and
- the need to act fairly towards all members of the company.

In order to fulfil their duties under section 172, the directors need to ensure that the company not only acts in accordance with its legal duties but also has regard for, all its stakeholders when taking decisions. Understanding the company's stakeholders and how they and their interests will impact on the strategy and success of the company over the long term is a key factor in the decisions that the Board make.

Fans

Every decision made at Chelsea FC is taken with the direct or indirect aim of promoting and improving on pitch performance and, in turn, to provide enjoyment and entertainment to our fans. The Club's ownership group is firmly committed to building on the Club's remarkable history of success, and making fans proud.

The Club continues to offer a range of ways for supporters to find out about club activity, both domestic fanbase and those living overseas. Fans are informed about Club activity through its website, official app, social media, matchday programmes and more. Across all of these channels, we provide access to the players and coaches from our men's, women's and academy teams as well as training and match highlights, all within the safety requirements of the Government, the Premier League and The Football Association.

The Club continues to develop Fan Engagement, with the key role of the Fan Advisory Board ('FAB') and the growth of a dedicated Supporter Relations team of eight full-time staff working across a multitude of projects and campaigns to enhance and develop fan sentiment and to ensure our supporters remain well-informed.

The FAB has played a pivotal role in club strategy that directly impacts supporters. This is shown through the ongoing and regular consultation between senior club officials and the FAB on a breadth of areas including ticket pricing as well as our transition to digital ticketing.

CHELSEA FC HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Fans (continued)

The Club continues to meet with a supporters on a consistent basis through the Fans Forum, Access Forum and Women's Team forum. The Forums consist of a body of elected fans and senior members of the Club management and meet at least three times per season to discuss Club matters with the aim of maintaining a positive and constructive dialogue between the Club and fans, developing a better understanding of matchday and operational issues that affect supporters and providing an opportunity for the Club to discuss new ideas.

In engaging with fan representatives in this way we aim to ensure that supporters can make their voice heard and their suggestions can be considered. The Club also regularly engages with unofficial supporters groups and supporters clubs around the world, alongside local residents who live around Stamford Bridge. With these groups, a number of Fan Engagement projects and campaigns have been implemented to enhance our relationship with our supporters.

Chelsea FC has expressed support for the Premier League's Fan Engagement Standard and will continue to work closely with the Premier League to ensure the standard is mainstreamed throughout the Club.

Partners

The commercial partners of the Club are fundamental to our success. The Club works hard to build long lasting relationships with like-minded brands that can help bring value to our club, our fans and our employees, moving beyond traditional partnering rights.

It is also vitally important to the Club that partners understand our commitment to innovation, success and community support and engagement. For example, we look for partners that support fully the development and promotion of women's football in the UK and around the world, or that want to support our vast range of community programmes. We are proud of the work our partners do alongside Chelsea FC and look forward to welcoming more partners to Chelsea FC in the future.

Employees

The Club are determined to establish and nurture a culture of transparency, accountability, inclusivity, diversity and opportunity for all Chelsea employees. There is a clear intent is for the Club to be a beacon of hope, positivity and good leadership for employees and the communities we all serve.

The Club will continue to build on the initial work they have already done to create a sustainable, positive culture that will ensure Chelsea FC's future success. Through a comprehensive review of the structures, processes, policies and support needed for its people across the organisation, taking steps to instil an environment consistent with their values with a significant investment into the organisation and its employees.

The physical and mental health and wellbeing of all employees is paramount to our mission. We are creating a workplace environment and corporate culture that empowers everyone in the Chelsea community to be safe, included, and trusted as we work tighter to send and achieve the highest standards.

The club-wide employee survey and established feedback forums provide valuable insights that inform our people priorities and wellbeing initiatives. The output from these surveys drives our action planning and helps build our desired culture through targeted activities and support programs. The output of the first survey has informed people priorities and initiatives and activities to support wellbeing and building the desired culture. Other forums to obtain employee sentiment have been established.

The Club's values are at the core of our people-related activities both on and off-the-pitch. Significant progress has been made in relation to equality, diversity and inclusion, promoting fair and equitable policies and procedures throughout its recruitment, retention, training, development, and recognition processes. The introduction of employee resource groups connected to ED&I will only further strengthens our commitment in this area. Chelsea FC's dedication to equal and fair opportunities is demonstrated through continued support of London and National Living Wage, our Disability Confident accreditation, our early commitment to the FA Football Leadership Diversity Code and continued work on the Premier League Equality Standard at Advanced Level.

CHELSEA FC HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Employees (continued)

The Club has also enhanced its maternity leave policy to better support employees during this important life stage, reflecting its commitment to work-life balance and family wellbeing. The Club has introduced quarterly performance reviews to foster a continuous feedback culture, which informs the annual pay review cycle that focuses on recognising performance and contribution.

Through these comprehensive efforts, Chelsea FC is building an inclusive, supportive workplace where every employee can contribute to the organisation's shared success.

Shareholders

The Group is owned by a consortium led by Todd Boehly, chairman and CEO of Eldridge, and Clearlake Capital Group, L.P.

The shareholders are kept fully informed of the Group's actual and forecast results and funding requirements. Decisions are made in relation to the long-term strategy of the Club following thorough discussions between board members and the shareholders.

Regulatory bodies

The Group is regulated by The FA, the Premier League, UEFA and FIFA. As explained elsewhere in the Strategic Report, the Group actively engages with these regulatory bodies to ensure compliance with all regulations.

Suppliers

The Group's suppliers are integral to the day-to-day operation of the business. Relationships are carefully managed to ensure that the Group is always obtaining value for money and reflect the values of the club. The company seeks to ensure that good relationships are maintained with suppliers through regular contact and the prompt payment of invoices.

Other stakeholders and the wider community

The Club is committed to ensuring that none of its activities have a detrimental impact on the wider community. The Chelsea Foundation has a clear remit to focus on the communities close to Stamford Bridge, Kingsmeadow and Chelsea Training Ground in Cobham. The Chelsea Foundation will continue to work closely with fan-led initiatives and various projects designed to use the power of football and sport to motivate, educate and inspire.

With a hyper-local focus, The Chelsea Foundation works on a broad range of initiatives focusing on employment, education, social deprivation, crime reduction, youth offending and much more.

The Club continually tracks and reviews work towards further sustainable and environmentally friendly projects. The intention is to continue to improve efficiency in the use of all resources and adopt an approach to implement low and zero carbon technologies where appropriate.

The Club is committed to treating all relevant legal and environmental legislation and guidelines as a minimum requirement and will seek to exceed them wherever possible. The Club is also fully ESOS (Energy Savings Opportunities Scheme) compliant. The Club continues to assess potential climate risks. This is a developing process which will be developed on in future reporting periods. At this time, the Club sees the process of managing these risks as having no material impact on the business.

CHELSEA FC HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Decision making and section 172 of the Companies Act 2006

The Club's primary strategy is to deliver on-field success, whilst taking into consideration all stakeholders.

During the past year the Club continued to support the needs of staff and the wider community.

The Chelsea Foundation continues to provide outstanding leadership, with its staff at the forefront of the delivery of education programmes and established support sessions for people of all ages.

The Club continues to expand our anti-discrimination work with its No To Hate campaign. Using the club's global reach, we provide guidance for fans on how to report racist abuse, both in the stadium and online. We work to identify perpetrators of racist abuse and take the strongest possible action against them, working with police and authorities to secure prosecutions. The club will continue to work with football authorities and campaigning organisations to support best practice on tackling racism and promoting equality, diversity and inclusion.

The No To Hate campaign runs in tandem with the Club's Equality Action Plan, as well as our work as signatories to the FA's Football Leadership Diversity Code and our support for the Premier League's No Room For Racism Action Plan.

The Club also took action to manage costs throughout the period to protect the wider commercial interests of the business.

CHELSEA FC HOLDINGS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2025

The directors present their annual report and financial statements for the year ended 30 June 2025.

Principal activities

The principal activities of the Group are the operation of a professional football club, the provision of catering and function facilities, hoteliers, retailing and media activities, car park management, event organisation and property development and management.

Results and dividends

The results for the year are set out on page 14.

No ordinary dividends were paid. The directors do not recommend payment of a further dividend.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

D Barnard

T Boehly

B Charone

B Eghbali

J Feliciano

Lord D Finkelstein

J Gannon

(Appointed 20 August 2025)

J Goldstein

C Jurasek

(Resigned 15 April 2025)

J Pade

M Walter

H Wyss

Disabled persons

Disabled persons are given full and fair consideration in all applications for employment. Equal consideration is also given for training, career development and opportunities for promotion. If an existing employee becomes disabled, such steps that are practical are taken, in respect of adjustments to premises or employment arrangements, to retain them in employment. Where appropriate, rehabilitation and suitable training are provided.

Employee involvement

The Group recognises the importance of good employee relations and communications and involves employees as appropriate to each company's circumstances. Employees are kept informed of and are asked to express their view on activities which are of concern to them or are likely to affect their interests.

Post reporting date events

Since the year end the Group has acquired the registration of 6 football players at an initial cost of £263.3m and disposed of the registration of 15 players at a profit of £31.8m.

Energy and carbon report

The Group and the Company are exempt from the requirement to include Streamlined Energy and Carbon Reporting ('SECR') data due to this information being included in the group report of the intermediate parent undertaking, 22 Holdco Limited. The parent's group report is prepared for the same financial year end as the Group and complies with the SECR disclosure requirements set out in Part 7A of Schedule 7.

CHELSEA FC HOLDINGS LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT

FOR THE YEAR ENDED 30 JUNE 2025

The directors are responsible for preparing the Strategic Report, the Directors' Report and the Group and parent company financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the group and parent company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period. In preparing each of the group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHELSEA FC HOLDINGS LIMITED

Opinion

We have audited the financial statements of Chelsea FC Holdings Limited ("the Company") for the year ended 30 June 2025 which comprise the Group Profit and Loss account, Group Statement of Comprehensive Income, Group and Company Balance Sheet, Group and Company Statement of Changes in Equity, Group Statement of Cash Flows and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Group and Parent Company's affairs as at 30 June 2025 and of its loss for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Group or the Company or to cease its operations, and as they have concluded that the Group and the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the directors' conclusions, we considered the inherent risks to the Group and the Company's business model and analyzed how those risks might affect the Group and the Company's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Group or the Company's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Group or the Company will continue in operation.

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors and inspection of policy documentation as to the Group and Company's high-level policies and procedures to prevent and detect fraud, as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Reading Board minutes.
- Using analytical procedures to identify any unusual or unexpected relationships.

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CHELSEA FC HOLDINGS LIMITED

Fraud and breaches of laws and regulations - ability to detect (continued)

As required by auditing standards, and considering possible pressures to meet the performance conditions set by external regulators, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. We also perform procedures to address the risk of misappropriation of cash or other assets within the business. On this audit we do not believe there is a fraud risk related to revenue recognition due to limited opportunities to manipulate revenue.

The procedures performed include:

- Identifying journal entries and other adjustments to test based on risk criteria and comparing the identified entries to supporting documentation. These included those posted to seldom used accounts, those with descriptions containing specific high risk key words, and those identified as unusual pairing with cash.
- Assessing the reasonableness of assumptions and judgements made by management in their significant accounting estimates.
- Obtaining an understanding of the Group and the Company's policies and procedures, and testing the operating effectiveness of fraud risk controls in respect of refund and payments authorization.

Identifying and responding to risks of material misstatement related to compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statement from our general commercial and sector experience, and through discussion with the directors and other management (as required by auditing standards), and from inspection of the Group and the Company's regulatory and legal correspondence and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit. The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Group and the Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies legislation), distributable profits legislation and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Group and the Company is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigations. We identified the following areas as those most likely to have such an effect: health and safety, anti-bribery, profit and financial sustainability rules, employment law and certain aspects of company legislation recognizing the nature of the Group and the Company's activities and its legal form. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the directors and other management and inspection of regulatory and legal correspondence, if any. Therefore, if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, and audit will not detect that breach.

For the UEFA Financial Sustainability Regulations non-compliance and the ongoing self-reporting matters discussed in notes 22 and 24 respectively we assessed disclosures against our understanding from regulatory and legal correspondence.

Context of the ability of the audit to detect fraud or breaches of law and regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CHELSEA FC HOLDINGS LIMITED

Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 9, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Group and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CHELSEA FC HOLDINGS LIMITED

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Group and the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Group and the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Group and the Company and the Group and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

Company information

Chelsea FC Holdings Limited ("the Company") is a private limited company domiciled and incorporated in England and Wales. The registered office is Stamford Bridge, Fulham Road, London, SW6 1HS.

The Group consists of Chelsea FC Holdings Limited and all of its subsidiaries.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the Company. Monetary amounts in these financial statements are rounded to the nearest £000.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

1.2 Business combinations

Subsidiaries are consolidated in the group's financial statements from the date that control commences until the date that control ceases.

1.3 Basis of consolidation

The consolidated group financial statements consist of the financial statements of the parent company Chelsea FC Holdings Limited together with all entities controlled by the parent company (its subsidiaries) and the group's share of its interests in joint ventures and associates.

All financial statements are made up to 30 June 2025. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the group.

All intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Subsidiaries are consolidated in the group's financial statements from the date that control commences until the date that control ceases.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

1.4 Going concern

The financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons.

The Group and Company meet their day to day working capital requirements from operational cash flows and intragroup funding from Blueco 22 Limited ('Blueco'), an intermediate holding company. The directors have prepared cash flow forecasts and performed a going concern assessment which indicate that, in both the base case and reasonably possible downsides, the Group and Company will require additional funds, through funding from Blueco, which ultimately requires support from the consortium led by Todd Boehly and Clearlake to meet their liabilities as they fall due during the 12 month period from the date of approval of the financial statements, the going concern assessment period.

The Group prepares and reviews its cash flow forecasts on a regular basis and keeps its parent aware of various potential funding scenarios. The Group has considered various base case and severe but plausible downside cases, with on-pitch performance of the men's football team being a key driver.

Blueco has indicated its intention to continue to make available such funds as are needed by the company during the going concern assessment period. The most significant factors that determines the extent of the financial support requirement is the net impact of future player transfer activity and on-pitch performance of the men's football team. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Consequently, the directors are confident that the company and group will have sufficient funds to continue to meet their liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

1.5 Turnover

Turnover represents all income arising from the ordinary activities of the Group excluding transfer fees and excluding Value Added Tax. Principal sources of income include gate receipts, sponsorship, the sale of broadcasting rights, matchday, central awards from the Premier League, UEFA solidarity payments, prize money, merchandising and revenue from other commercial activities.

Gate receipts, matchday and other event day revenue is recognised over the period of the football season as games are played and events are staged. Sponsorship and similar commercial income is recognised over the duration of the respective contracts. The fixed element of broadcasting revenues is recognised over the duration of the football season whilst facility fees for live coverage or highlights are taken when earned at the point of broadcast. Merit awards are accounted for over the period of the football season based on known position in the league. UEFA pool distributions relating to participation in European competitions are recognised when received whilst distributions relating to match performance are taken when earned; these distributions are classified as broadcasting revenues. Tournament participation fees are recognised on a straight-line, per-game basis, over the number of games that the Club participates in the tournament, and tournament performance fees are recognised as the performance requirements are met.

1.6 Research and development expenditure

Research expenditure is written off against profits in the year in which it is incurred. Identifiable development expenditure is capitalised to the extent that the technical, commercial and financial feasibility can be demonstrated.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

1.7 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	3 to 5 years
Player registrations	Life of contract

1.8 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land	Not depreciated
Freehold buildings	20 to 100 years on a straight line basis
Assets in the course of construction	Not depreciated
Fixtures, fittings and equipment	2 to 10 years on a straight line basis

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the profit and loss account.

1.9 Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation, is measured using the fair value model and stated at its fair value as the reporting end date. The surplus or deficit on revaluation is recognised in the profit and loss account.

1.10 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at transaction price excluding transaction costs, and are subsequently measured at fair value at each reporting date. Transaction costs are expensed to profit or loss as incurred. Changes in fair value are recognised in other comprehensive income except to the extent that a gain reverses a loss previously recognised in profit or loss, or a loss exceeds the accumulated gains recognised in equity; such gains and loss are recognised in profit or loss.

1.11 Impairment of fixed assets

At each reporting period end date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The carrying amount of the investments accounted for using the equity method is tested for impairment as a single asset. Any goodwill included in the carrying amount of the investment is not tested separately for impairment.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.12 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

Stocks held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.13 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.14 Financial instruments

The group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the group's balance sheet when the group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the group transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

Other financial liabilities

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless hedge accounting is applied and the hedge is a cash flow hedge.

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value through profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Derecognition of financial liabilities

Financial liabilities are derecognised when the group's contractual obligations expire or are discharged or cancelled.

1.15 Equity instruments

Equity instruments issued by the Group are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the Group.

1.16 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset if, and only if, there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

(Continued)

1.17 Provisions

Provisions are recognised when the group has a legal or constructive present obligation as a result of a past event, it is probable that the group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value. When a provision is measured at present value, the unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

1.18 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.19 Retirement benefits

The Group operates a number of defined contribution schemes. Contributions to these schemes are charged to the profit and loss account as incurred. The Group is one of a number of employers in a shared defined benefit scheme for playing staff.

The defined benefit scheme is a multi-employer scheme. Where there is insufficient information to enable the entity to adopt defined benefit accounting, the scheme is accounted for as a defined contribution scheme in line with FRS102.28.11.

1.20 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

1.21 Foreign exchange

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling on the transaction date. Foreign currency monetary assets and liabilities are translated into sterling at the rate of exchange ruling at the balance sheet date. Exchange gains and losses are included in the profit and loss account.

Balances within reserves that relate to the foreign subsidiaries within the Group are retranslated on consolidation and the difference shown within the retranslation reserve. The Group currently has one foreign subsidiary, Chelsea FC Pte Limited, which is a company registered in Singapore.

1.22 Deferred income

Income from season tickets, sponsorship, broadcasting and other commercial contracts, which has been received prior to the period end in respect of future football seasons, is treated as deferred income. Income is then recognised in the profit and loss account in the relevant financial period in line with the recognition criteria of FRS 102.

1.23 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the Group but are presented separately due to their size or incidence.

1 Accounting policies

(Continued)

1.24 Player registrations

All costs associated with the acquisition of a player's registration are capitalised as intangible fixed assets and are amortised evenly over the period of the player's initial contract of employment with the Group. In the event that the initial contract is renegotiated prior to expiry, the written down value at the date of renegotiation is amortised over the extended period. Fees receivable are set off against the player's net book value at the date of sale, plus any payments made in settlement of the contracts, and the difference is treated as a profit or loss on disposal.

The directors review the carrying value of the players' registrations (within intangible assets) for impairment where events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. In completing their assessment of impairments required the directors consider the playing squad to be one cash generating unit such that no impairment is recorded if the recoverable amount of the playing squad is greater than its carrying value. Per FRS 102.27.11, the recoverable amount is calculated using the higher of the Fair Value less Costs to Sell (FVLCTS) and its value in use however in the case of player registrations the directors do not consider it possible to determine to VIU of an individual player.

In certain situations, such as career-threatening injury, players are treated as a separate cash generating unit and the carrying values are compared to the Group's best estimate of the players FVLCTS. To the extent that the carrying value exceeds the recoverable amount, the asset is impaired and the impairment loss is recognised in the profit and loss account.

2 Judgements and key sources of estimation uncertainty

In the application of the group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Judgements

Identification of the CGU

In certain instances, there may be players whom the Group does not consider to be part of the First Team squad cash generating unit (or "CGU") going forward and who will therefore not contribute to the future cash flows earned by the CGU. The directors note that there is significant judgement involved of such situations where the Group does not consider a player to be part of the CGU. An example of an indicator of such a situation is when a player has incurred a career-threatening injury. Where a player is not considered part of the CGU, the carrying value of the player is removed from the CGU and instead, the player will be assessed for impairment in isolation by considering his carrying value with the Group's best estimate of their fair value less costs to sell.

2 Judgements and key sources of estimation uncertainty

(Continued)

Estimates

Valuation of player registrations

The valuation of player registrations is highly subjective and can be subject to frequent and sudden change dependent on individual player performance and the general conditions in the transfer market. The directors and management teams consider that they have sufficient experience and knowledge to make these assessments. These experiences are drawn on when making these detailed assessments and is completed in line with the accounting policy in note 1.24.

Sale of subsidiary

During the prior period, the Group commenced a review of its group structure, which resulted in the sale of 100% of the Company's shares in Chelsea Football Club Women Ltd to Blueco 22 Midco Limited, a fellow subsidiary of the intermediate parent company, Blueco 22 Limited, on 28 June 2024, for total consideration of £200.0m. The full year's results of Chelsea Football Club Women Ltd were included in the Group profit or loss account to 30 June 2024, with any transactions taking place between the sale date and year-end deemed to be immaterial to the prior period financial statements.

Legal provision

In 2022, the Group self-reported to relevant football authorities certain legal matters concerning historical football transactions. The directors acknowledge the ongoing review by the football authorities in relation to these matters and currently estimate the related cost to the Group to be £24.0m. The provision is disclosed in Note 24.

CHELSEA FC HOLDINGS LIMITED**NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED)**
FOR THE YEAR ENDED 30 JUNE 2025**14 Intangible fixed assets****(Continued)**

Player registrations relate entirely to the carrying value of the playing squad and are amortised over the remaining length of the players' contracts. The figures relate solely to purchased players and are based on historical cost. Where events or changes in circumstances indicate that the carrying value of the asset may not be recoverable, to the extent that the carrying value exceeds the recoverable amount, the asset is impaired and the charge is recognised in profit and loss. Directors of Chelsea Football Club Limited have reviewed the carrying amount of the player registrations CGU, and the valuations of player registrations deemed to be outside of the CGU, as at 30 June 2025 and consider an impairment in relation to the latter of £12.1m is required (2024: £Nil).

The software relates to internally generated platforms and applications developed, largely relating the club's website and the club's digital platform.

----------------------	----------------	----------------	----------------	----------------

Amounts due from other Group companies are interest free and repayable on demand.

As part of the Eurobond issue in 1997 the Company made a loan to Chelsea Pitch Owners plc of £11,151,000, which is interest free and has an unspecified repayment date. This was used to acquire the share capital of Chelsea Stadium Limited (previously Stardust Investments Limited) and discharge the debts of that company in order to leave the freehold interest in the stadium site unencumbered. On the same date, Chelsea Stadium Limited (previously Stardust Investments Limited) granted a long leasehold interest over the stadium site at a peppercorn rent to Chelsea Football Club Limited. Chelsea Pitch Owners plc is obliged to repay the debt in full. The balance outstanding at 30 June 2025 was £7,948,457 (2024: £8,005,832). The directors believe that the balance outstanding will ultimately be recovered. The loan is currently held in the accounts at its present value, using a market rate of interest.

CHELSEA FC HOLDINGS LIMITED

NOTES TO THE GROUP FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2025

26 Retirement benefit schemes

(Continued)

A defined contribution pension scheme is operated for all qualifying employees. The assets of the scheme are held separately from those of the group in an independently administered fund.

Defined benefit schemes

Certain employees of the Group are members of The Football League Limited Pension and Life Assurance Scheme ('the scheme'). Accrual of benefits under a final salary basis was suspended with effect from 31 August 1999 following an actuarial review, which revealed a substantial deficit.

As one of a number of participating employers, the Group is advised only of its share of the deficit in the scheme. The latest actuarial valuation as at 31 August 2023 highlighted that the Group share of the deficit was £232,331. The revised deficit is being paid off in instalments until 31 October 2026. The charge for the year is £90,152 (2024: £85,846).

27 Share capital

Group and company	2025	2024	2025	2024
Ordinary share capital	Number	Number	£'000	£'000
Issued and fully paid of 1p each	214,978,461	214,977,461	2,150	2,150

28 Financial commitments, guarantees and contingent liabilities

Under the terms of certain contracts with other football clubs in respect of player transfers, additional amounts would be payable by the Company if certain conditions are met. The maximum amount that could be payable is £104.7m (2024: £74.2m).

29 Operating lease commitments

Lessee

At the reporting end date the group had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	Group		Company	
	2025	2024	2025	2024
	£'000	£'000	£'000	£'000
Within one year	287	48	45	48
Between two and five years	741	19	119	19
	1,028	67	164	67

30 Events after the reporting date

Since the year end the Group has acquired the registration of 6 football players at an initial cost of £263.3m and disposed of the registration of 15 players at a profit of £31.8m.
